

IDEA

MONITORING AND EVALUATION

IDEA - Monitoring and Evaluation

IDEA - M&E is web-based project monitoring and evaluation tool that provides a feature rich platform incorporating portfolios, logframe design and indicators, team integration, activities/tasks tracking, custom and smart notifications, custom forms builder, analytical and reporting module as well as an android base application with GIS enabled platform for participatory monitoring.

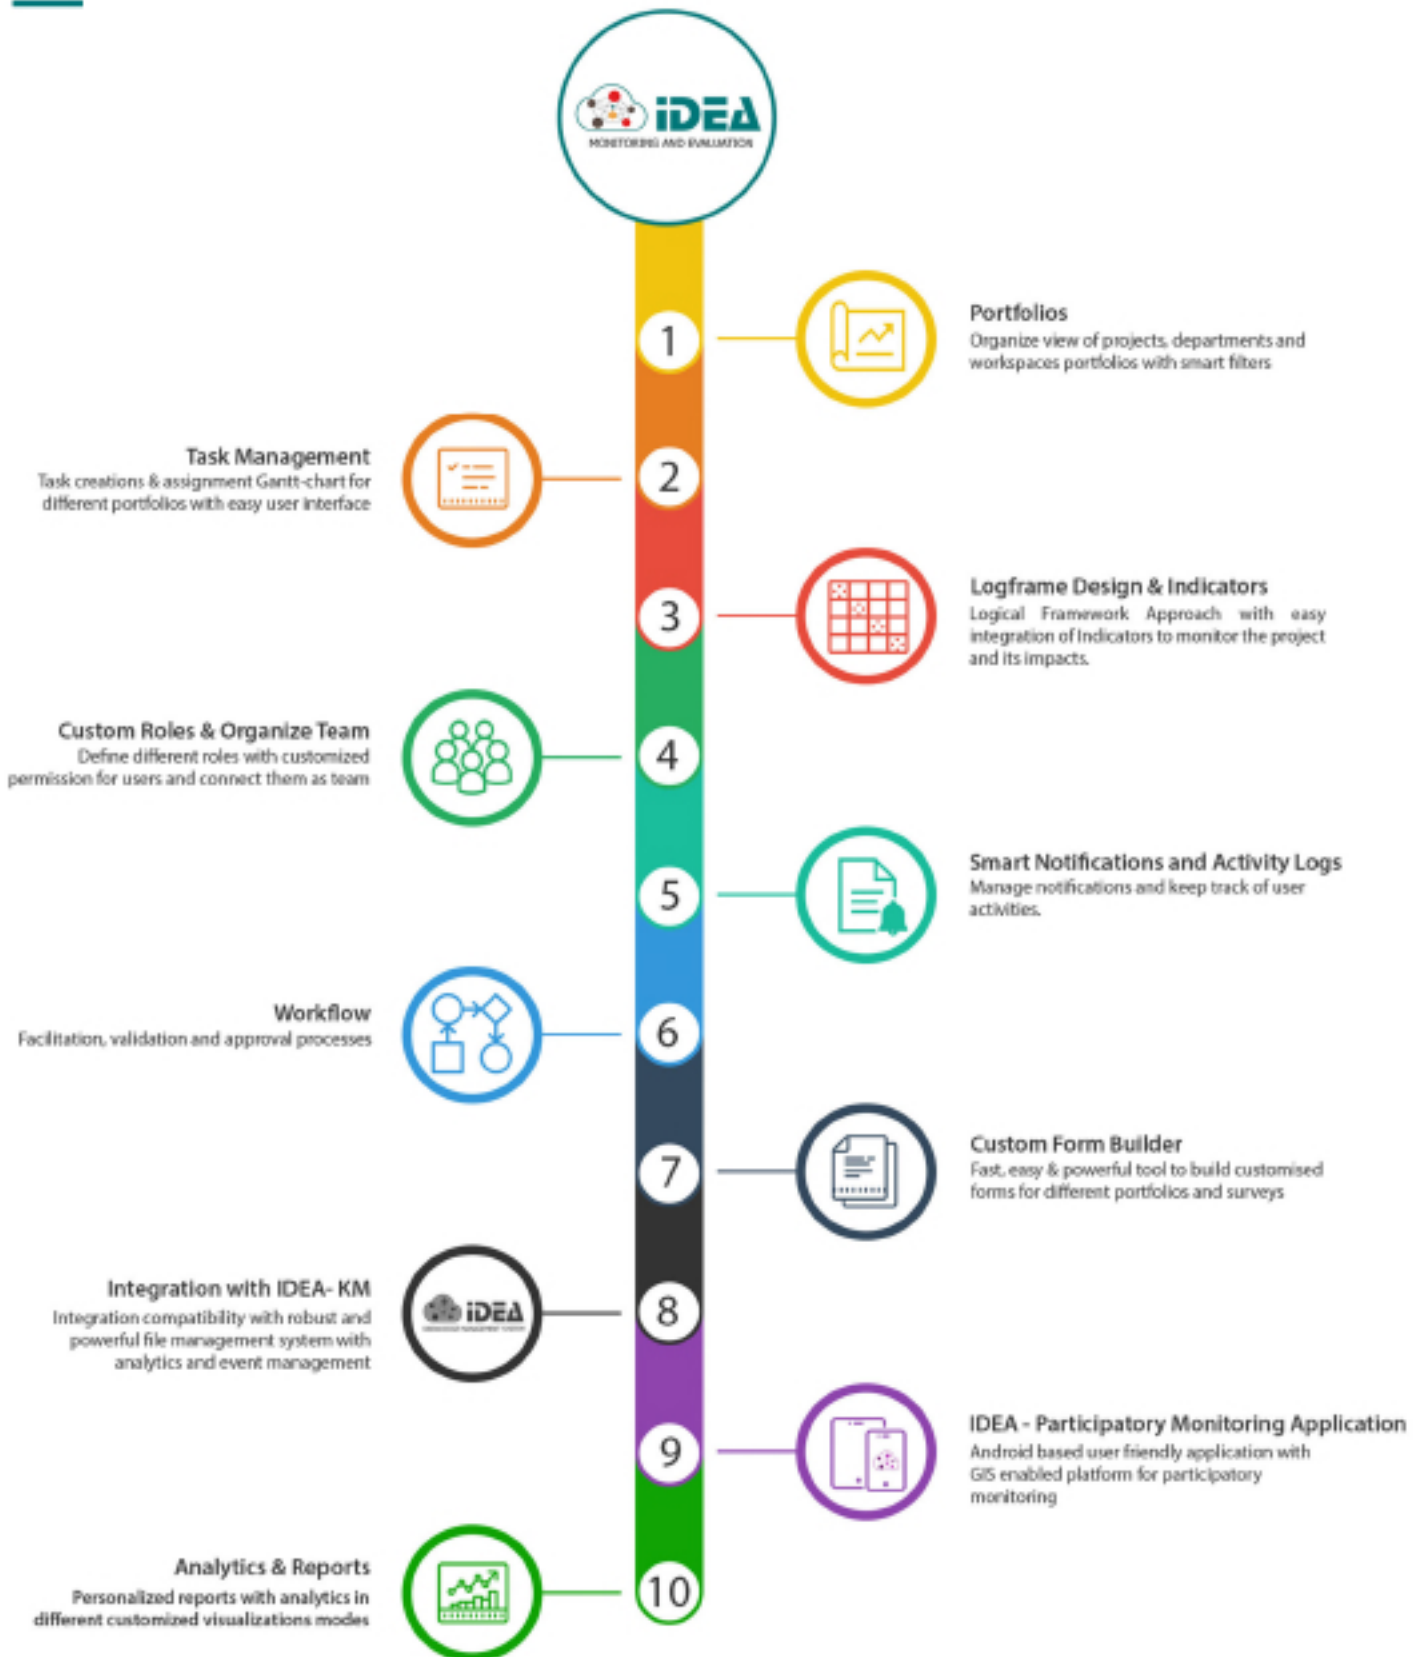

Why IDEA - M&E ?

- ▶ Complex project/business endeavour cannot ever achieve without organization & planning. IDEA - M&E is the organization, planning and control of projects.
- ▶ Risk is the chance of a negative event or loss. IDEA - M&E identifies, manages and controls risks.
- ▶ Quality is the value of what you produce. IDEA - M&E identifies, manages and controls quality.
- ▶ Projects don't happen in a vacuum. They need to be integrated with processes, systems and organizations. IDEA - M&E identifies and manages integration.
- ▶ Projects are always a moving target. Managing change is a complex and daunting task. IDEA - M&E manages change.
- ▶ IDEA - M&E plays a critical role in identifying and resolving executional challenges.
